

100% ELECTRIC MULTI-PURPOSE

A remarkable 12.5 meter long and 5 meter wide multipurpose port vessel that is setting a new standard in the maritime industry for a greener future.

The 100% electric multi-purpose vessel eliminates exhaust emissions, **promoting cleaner air and a greener environment.**

Its silent electric propulsion improves crew comfort and reduces marine noise pollution.

BATTERY
0,5MW/h

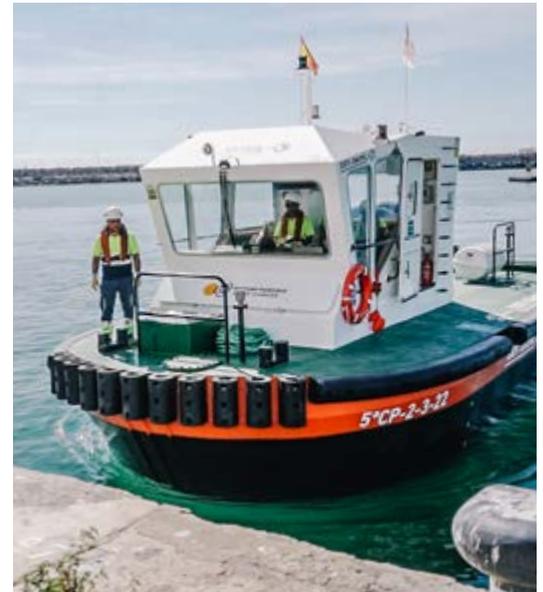

PROPULSION
100% Electric

LOA
12,5m

PAX
2+12

MAIN PARTICULARS	
LOA	12,5m
BEAM	5m
DEPTH	2,4m

PROPULSION	
TOTAL POWER	2X240 KW SYM NAVAL PMSM MOTOR
PROPELLER	1.100 FPP
STEERING SYSTEM	RUDDER WITH HIGH PERFORMANCE FLAP

CAPACITIES	
MARPOL CARGO FLASHPOINT	>60°C
SPEED	7kn
CARGO CAPACITY	30m ³

SYM NAVAL ELECTRIC MULTI-PURPOSE VESSELS

-  TECHNOLOGY
-  CUSTOMIZATION
-  MANEUVERABILITY
-  RELIABILITY

SYM Naval's electric tugboats integrate state-of-the-art technology to deliver high maneuverability, multiple navigation modes, and a significant reduction in noise, ensuring safer, more efficient, and more sustainable operations in any port environment.

A new standard in the maritime industry for a more sustainable future.
